# *July 4th, 2009*
# *Protect Minute Man National Historical Park*

*Dear Mr. President,*

*On this day, the 233rd anniversary of our independence as a nation, we are honored to stand with you in making the commitment to the American people, and the generations to come, to protect in perpetuity the Birthplace of the American Revolution - Minute Man National Historical Park and its environs - from any further degradation caused by L.G. Hanscom Airport, and its concomitant air and traffic pollution.*

**1.** We most respectfully request that the **FAA be directed not to sign the Hangar 24 Environmental Assessment** that would facilitate the doubling of hangar space for corporate jets at Hanscom Airport.

**2.** In addition, we ask that the FAA be urged to **support a moratorium on any further infrastructure and/or commercial growth** of the airport in order to the preserve and protect the integrity of America's national treasure - **Minute Man National Historical Park.**

*With great appreciation and thanks,*
